

Prior Authorization Request - Inpatient Admission

Member: Patricia Reyes DOB: 1959-04-02 (age 67) Member ID: MBR-0811

Requesting facility: Oakhill Community Hospital, Utilization Review Dept.

Requested service: Elective inpatient admission, lumbar fusion L4-L5

CPT 22612. Planned admit date: 2026-11-02.

Level of care requested: INPATIENT.

Surgeon Operative Plan

Diagnosis: chronic low back pain with radiating leg pain, L4-L5 level.

Surgeon expects patient to remain hospitalized for 3 nights given her cardiac history.

Shared decision making completed with patient and son.

Imaging

Imaging obtained; formal read pending at time of submission.

History and Conservative Management

Patient has a significant cardiac history and is followed by cardiology.

Patient underwent an extensive trial of nonsurgical management over several months, including physiotherapy and anti-inflammatory medication, without lasting relief.

Post-Operative Plan

Will require telemetry monitoring post-operatively given her cardiac history.
